

**Professional Adviser Awards 2010**

We are delighted to announce that Thames River Multi-Capital has been named as the Best Multi-Asset Provider at the Professional Adviser Awards 2010. The awards recognise and reward the companies providing the best service and products to financial advisers. They stand out from the other awards in the industry because they are entirely voted for by IFAs. In deciding the winner, a specialist investment panel including top advisors and the editorial team at Professional Adviser considered multi-asset managers to draw a shortlist and then the winner was determined by the largest number of votes received from financial advisers.

By being named Best Multi-Asset Provider, Thames River Multi-Capital saw off competition from other noted groups including BlackRock, Cazenove Capital Management, Fidelity, Henderson New Star, Insight Investment, Newton and Jupiter.

We would like to take this opportunity to thank you for voting for us and we will be working as hard as possible to maintain the high level of service and performance for you and your clients.
