

Clients Guide to the Secure Avalon Website

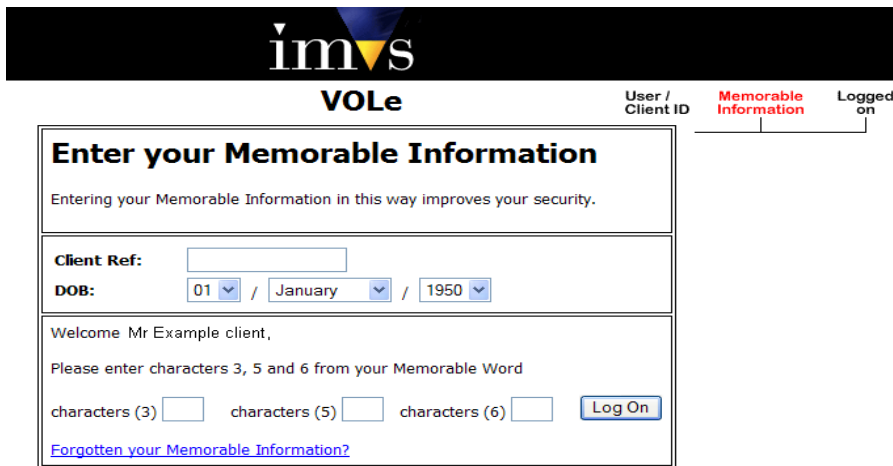

This is a quick guide to getting to know your way around the Avalon Secure website and how to use the features within it. The log on screen can be found by selecting “Existing Clients” on the home page and then following the shortcut on the left hand side menu called “login to the secure site” By clicking this link a new page will open called IMVS VOLe at shown below.

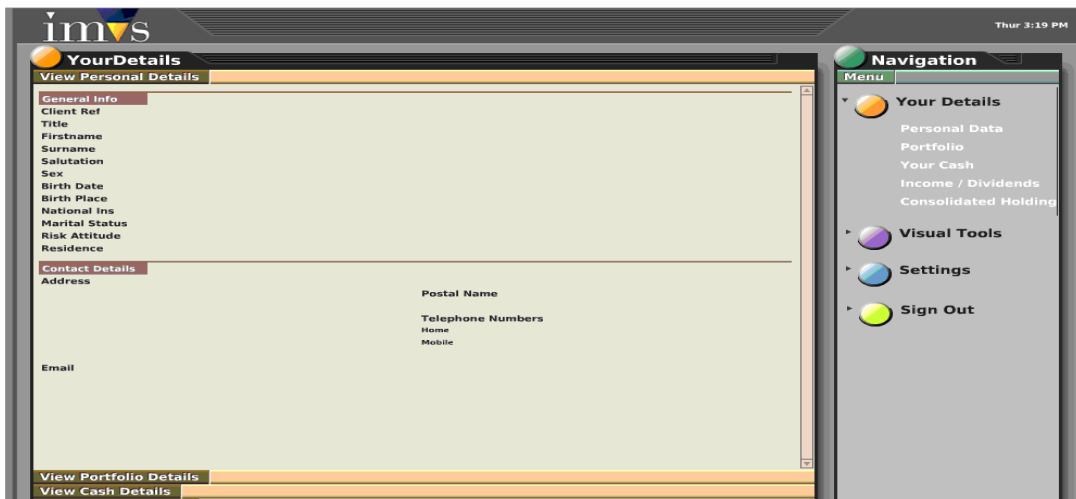

Here you will be asked for your username and password. Following this you will be asked to enter a security word which is embedded into an image, in the example above the word is brewer

If you have problems with your details not being accepted , this can sometimes be attributed to an Internet Explorer Security setting which is blocking the ‘Cookies’ that our site sends to your computer so we can log activity on our site. Please call us and we can help resolve this for you.

After this stage you will be asked to enter selected letters from your memorable word and personal information, this will then complete the logging in process.

After successfully logging onto the secure website the first screen you see will a summary of your personal details * *note these cannot be changed online.*

Use the coloured buttons on the right hand side of the screen to access the menus. The brown tabs at the bottom of the screen do not function as links.

Your Details

By selecting the tab this will reveal more options you can select. By clicking 'Portfolio' from the menu on the right hand side you will then be given the option to view total holdings or view the individual components of the portfolio, this is done by clicking the product to reveal expanded information as seen below.

The screenshot shows the 'Your Details' page with the 'View Portfolio Details' tab selected. The main content area displays a summary table and a detailed instrument list.

The right-hand navigation menu is the same as in the previous screenshot.

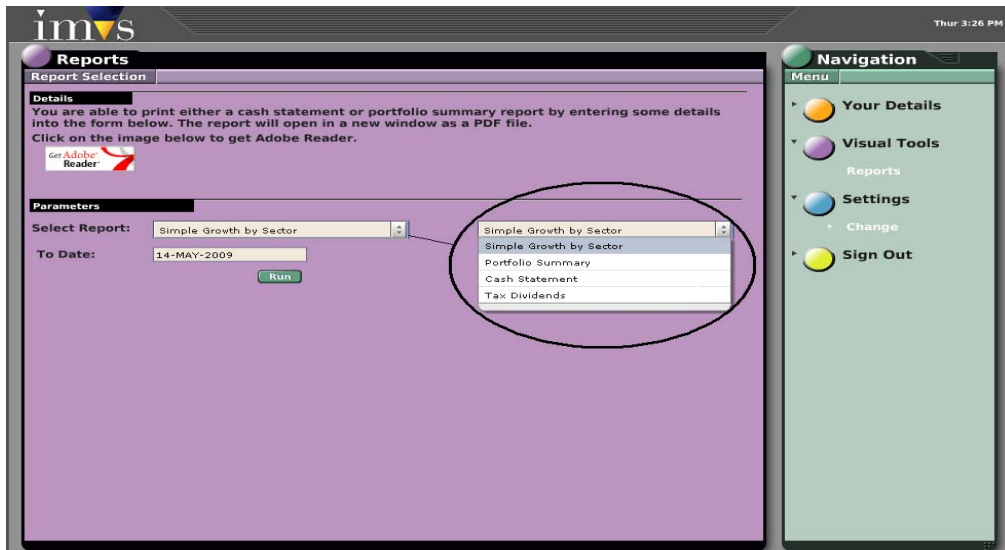

Income/Dividends

The tab provides a breakdown of any income/dividend payments which have been credited to the account showing Gross and Actual amounts received and consolidated holdings shows you the value of all the stocks and shares that you currently hold.

‘Visual tools’

These enable you to produce a selection of reports which can be printed or saved in PDF format. The drop down menu reveals the available reports. It is also possible to generate back dated reports.

NB some PopUp blockers will need to be temporarily turned off in order for the reports to generate as they open in a new window.

‘Settings’

Gives you the opportunity to change your password and memorable word.

‘Sign Out’

This button is used once you have decided you no longer need to be logged in. As an added security measure if you do not click the sign out button you will still be logged off after a period of inactivity.

Please remember if you have any problems using the Avalon website or have any suggestions or criticisms feel free to contact us and we will be happy to assist you.
